

Need a speaker?

Call Hawaii's Securities Education Program

Our Securities Education Specialist is available to bring valuable information to your club, class, senior center, or other group at no cost.

As a part of a state agency, the Business Registration Division provides reliable, non-biased information on popular topics, such as:

- ✍ Investment Fraud, Schemes, and Scams
- ✍ Preventing and Resolving Problems with Investment Professionals
- ✍ Current Investors Alerts
- ✍ Securities Arbitration
- ✍ Video presentations about securities investment, financial planning, stocks and bonds, mutual funds and retirement planning

Customized programs – money topics that you want to hear about. You can choose a one-hour talk, a question-and-answer session, a video presentation, a day long-workshop, or something else. We'll arrange our visit around your schedule.

Through the years, Hawaii's Business Registration (DCCA), has learned a lot about money schemes, scams, fraud, and other topics related to investing and protecting your money. We look forward to sharing that information with your group.
